# OTHER RECORDS

OLGA MÉRIDA SÁNCHEZ

# THE MAN WITH THE LARGEST NAILS EVER

- Name: Shridhar Chillal.
- He was born in 1938.
- He stopped cutting his nails in 1951.
- Guinness record: for the longest fingernails ever reached on a single hand, measuring 6,15 meters.
- The incredible weight of his nails caused his left fingers to become disfigured (and more or less useless).

# THE STRANGEST PHOBIAS EVER

## Hypnophobia:

- This is the irrational and excessive fear of sleep.
- It may result from a feeling of control loss, or from repeating nightmares or anxiety over the loss of time that could be spent accomplishing tasks.
- The people who suffer it feel anxiety when talking about the subject of sleep or even thinking about it.

# THE STRANGEST PHOBIAS EVER

## Cathisophobia:

- This is the fear of sitting.
- More common in elderly people, as sitting may cause joint pain, but it is also found in youngsters who are scared of sitting in classrooms for long periods of time.
- People who have been tortured, like sitting on nails, can have this kind of phobia.
